

## France Brevets Launches a New Licensing Program

**Paris – March 24, 2016** - France Brevets acquired patents related to multimedia, computing and communication technology. Financial terms of the transaction were not disclosed. These patents will fuel a new licensing campaign designed, managed and executed by France Brevets. The licensing strategy will be implemented shortly.

### ***About France Brevets***

*Created in March 2011 and funded with €100 million, France Brevets engages a broad array of worldwide best-in-class, legal, financial, technical and commercial resources, for the purpose of monetizing patents or securing freedom to operate. France Brevets brings focus on industry and innovation, integrity and high ethical standards.*
